RADIANCE

Wash & Wax

Radiance is a concentrated, premium, liquid car wash. A combination of a natural detergent system, foam boosters, and a special synthetic wax designed for manual wash operation. This premium grade car wash is a highly concentrated product that is formulated as a wash and wax. This product has a balanced pH designed to be soft on your skin for manual hand washing of vehicles.

Radiance's rich foam removes grease, oil, road dirt, film, and dust. It outperforms standard car wash products with its unique polymer wax designed to sheet water off of the surface as well as brighten and protect the paint.

This product is designed to work with hot or cold water. The special blend of surfactants will rinse easily without leaving behind soap residue. This formula also works well in hard water due to its strong chelating agents. Radiance is the perfect product to keep your cars paint looking new and bright between waxing intervals.

Directions

For Hand Washing: Dilute 4 to 6 oz per gallon of water

For high pressure: Dilute 2 to 4 oz per gallon of water

Always test the diluted product on a small area before using. Dilutions may vary depending on the severity of the soils, bugs, and road film.

Caution Statements

This product is intended for Industrial and institutional use. Although this is a mild cleaning agent, it can cause irritation to eyes and skin. Avoid contact by wearing protective devices such as safety glasses and rubber gloves. If contact to eyes or skin, flush with water for 10–15 minutes. If irritation persists, seek medical attention.

Always read the Material Safety Data Sheet for additional precautions before using this product.

Physical Properties

Appearance: Clear Blue Liquid

Specific Gravity: 1.0043

Odor: Cherry

pH (Conc.): 5-7

Flash Point: N/A (Water-Based Liquid)

Packaging

This product is available in 4X1 gallon cases, 5 gallon pails, and 55 gallon drums.
